Guaranty Trust Bank obtains VISA Membership

The recently commissioned Guaranty Trust Bank, Ghana has become the latest bank in Ghana to join the Visa network.

This followed the recent decision of VISA International to officially accept Guaranty Trust Bank, Ghana as one of its members thus making it the 8th bank in Ghana that will be operating on the VISA platform.

Guaranty Trust Bank is thus licensed to issue and acquire both local and international VISA debit cards which can be accepted on well over one million VISA automated teller machines (ATMs) and Points of Sale (POS) in more than 160 countries. This would allow the Bank's valued customers to access their funds 24 hours a day, 7 days a week.

The application to join VISA is part of the Guaranty Trust Bank's effort to make banking more convenient and accessible to its valued customers **Anytime Anywhere** they find themselves.

Our other Anytime and Anywhere electronic products also include Internet banking, SMS (mobile phone) and Telephone Banking and our revolutionary Statement by E-mail facility.

Other e-products in the GTBank stable include Slip free Service, Batch (multiple drafts) Processing services and the Western Union Money Transfer Services.

While most of these products have now been commissioned, structures are currently being finalized to enable the Bank roll out the Visa application in the shortest possible time.

For more information on the Bank and its products and services, please contact our website at www.gtbghana.com
