## PRESS RELEASE

December, 2007

### ■ **GTBank partners with VFS**

Guaranty Trust Bank (Ghana) Limited is proud to announce its partnership with VFS Ghana Private Limited, a local company that manages the administrative and non-judgmental tasks related to the entire life cycle of a visa application process, thus enabling diplomatic missions to focus entirely on the key tasks of assessment and interview of applicants.

Currently, VFS Ghana has been engaged by the British High Commission (BHC) to offer administrative services related to the visa application process.

The VFS/GTBank arrangement provides applicants with a convenient and trouble free option of paying UK visa application fees either at its Head Office Branch located at Ridge in Accra or at the GTBank counters within VFS' Visa Application Centre located at Labone in Accra.

As VFS' official banking partner, GTBank leverages on its technological competence to ensure that visa fees paid by UK visa applicants at its counters are duly processed and receipted. Similar services are currently being offered by its parent company, Guaranty Trust Bank Plc to VFS Nigeria.

A statement from the Bank reveals that plans are underway to extend the visa fee collection services to other missions in Ghana.
